
TAKE STOCK IMAGES OF CHANGE

6/31/00

Dear Harold -

I finally got the correspondence duplicated and mailed to Joan Mellen. I made an extra set for you so that you would know what she had, and so that you could discuss specific passages if necessary.

Hope you are doing well. I'm into month five of my shattering fracture — still on crutches but healing nicely. Jeannine's up to her ears as usual — moving to new office space after 12 yrs. Massive job, but nice quarters. She's doubled the size of her operation in the last six months.

Take Care.

Matt
